We do not have responsibility with copyright of this book.

Which is worse for societyâ€™ Bud Miller, an incorrigible post-9/11 bacchanalian, or a coven of upper-level CIA psychopaths?

Discover the ongoing machinations of covert torture, murder, and disinformationâ€™â€™â€™business as usualâ€™• operationsâ€™”within an oblivious society of sheep ripe for the shearing.

Local bigots of all stripes are seduced, indoctrinated, and recruited dirt-cheap into â€™Neighborhood Watchâ€™• gang-stalking networks. They are ordered to traumatize, ostracize, and corral a designated target, as their military masters roll up modernized electronic methods of No-Touch torture to round out the slow and calculated process of their targetâ€™s ultimate destruction.

Bud Miller is the CIAâ€™s unwitting poster boy. An antihero for the ages, it seems like everything he does makes it his own fault that heâ€™s a nonconsensual recipient of Organized Stalking and Electronic Torture. But thereâ€™s more to that story. And guess what? Itâ€™s classified!

Without him they would have no better angle to convince the government that conducting â€™similar researchâ€™• upon tens of thousands of other innocent, law-abiding citizens will justify the ongoing unregulated corruption of the USAâ€™s intelligence agencies by elite, unimpeachable psychopaths.

So theyâ€™ve got to handle this one just right.
